Beating the Buffalo

I am sitting in my office which is only a tent and I feel very blue. We are building a railroad and we got a lot of trouble. When we lay the tracks down one day, the next day the Indians tear them up. And men are leaving their jobs every day because they don't want to lose their scalps. And you know something? I don't blame them! Then my assistant, Mike Connors, comes over into the tent with a big smile all over his face.

"Boss, our troubles are over. Mountain Man Morgan has come to work for us. He's outside. And with him there isn't anything that can bother us from now on."

I go outside and take a look at this man who has become a legend in his own lifetime. He's dressed in his buckskin outfit. He must be at least seven feet three, and they tell me he weighs about four hundred pounds. But not an ounce of fat on him. All is muscle. And then there is the Indian story about him: That the Mighty Spirit, Tehum-ah-Dee, touched him on the forehead and gave him unlimited strength, but with the provision that it must be used only for good.

"I have come to help you build your railroad," was all he said to me.

"We got a tough problem on our hands," I explained. "The Indians say that the Iron Horse will scare the buffalo away from their hunting grounds. So, because of this they are fighting us, - and our men are leaving us. What can you do to show the Indians we want to be friends with them?"

"Buffalo is very important for the redman," replies Mountain Man Morgan with a serious expression on his big face. "He needs buffalo robes; he needs buffalo meat; he needs buffalo bones. Without buffalo what can redman do? He has no money to go to grocery store. I will help."

For two days I see nothing of this great man. Then on the third day he comes to me with two Indian Chiefs. The tall Chief is known as Chief Little. And the little Chief is known as Tall Chief. This is not confusing if you do not let it bother you.

"We take Indian Chiefs for ride on Iron Horse," he tells me. "We scare the buffalo so that they ride toward the Indians, not away from them."

So we hitch up a flat car to the locomotive right behind the tender. And the Indians will shoot their arrows at the buffalo, provided those dumb animals have enough sense to get scared when we blow the train whistle, ring the engine bell, and let a lot of smoke come out of the chimney. At a place called Dead Bluff we finally see a lot of buffalo. We do all the three tricks, but the buffalo don't even notice us. This makes Mountain Man Morgan mad. He jumps off the flat car and runs right into the herd of buffalo, until he finds their leader.

"Listen," he shouts at them, "You are mixing up a lot of plans. Come run towards the engine or I'll carry you myself."

The dumb buffalo makes one mistake. He wants to hit Mountain Man Morgan. The next thing we see is this giant of a man grab that buffalo, swing him over his shoulder, and run back to the engine and car, with the result that all the other buffalo follow their leader.

"Start the engine and make it go backwards," shouts this very smart man. "The buffalo will follow us. They will get tired and the rest will be easy."

He was right in his prediction. They didn't have to shoot any of those animals. They just fell down on the side of the tracks - all tired and no strength left. This was something entirely new in buffalo hunting. Wait till I could tell General Phil Sheridan about it.

There was joy in the Indian camp. They invited us all there and I smoked the pipe of peace. I coughed a couple of times and so did the others. Mountain Man Morgan was wonderful. Anything else I could do for the Indians? Chief Little came to me with his grandson.

"You ask Mountain Man Morgan to do same tomorrow. My big little grandson does not believe story. Says I invented it. You show him. No?"

GROW AMAZING LIVE SEA-MONKEYS!®

Just Add Water— you've got "INSTANT LIFE"®

Yes, it's the living truth! In only five minutes you will actually hatch a whole tumbling, playful, happy troupe of Sea-Monkeys that are even more fun than a zoo full of chattering, howling jungle monkeys! World's most amazing new pet, children and adults alike will laugh and thrill with wonderful excitement. Watch the comic antics of these fantastic underwater buffoons that are really alive. Any minute of the day or night, you'll see them chase one another in a playful game of tag. The loser gets caught by his tail and is spun in a dizzy circle. See the "showoffs" turn cartwheels of joy in the water . . . see the ticklish ones "scratch" each other's backs. Watch them swim singly or in ever-changing graceful formations, creating a live sea-circus.

Watch the Miracle of Life

These genuine living sea animals begin life from a seemingly inanimate handful of glittering crystals which contain the secret of life. A fantastic genetic material that stays alive for as long as twenty years. And these delightful pets that are born alive are so tiny . . . only three-quarters of an inch long when full grown, you raise an entire troupe in an ordinary glass of water from your sink. It's so safe, just empty the package of crystals we send you into the fish bowl of water and you will immediately see "Instant Life." Best of all, you can create a whole, new breed at any time, to give as gifts or sell if you wish.

ONLY $1.00

They Obey Your Silent Commands

You can actually make these marvelous Sea Monkeys behave like a bunch of trained seals as they follow a beam of light anywhere. Just darken the room and watch them follow a flashlight or candle beam forward, backward, sideways or around like a pack of happy kids playing Follow the Leader. So don't delay! Order now. WILL YOU SPEND $2 TO SAVE YOUR HAIR?

How many hard-earned dollars have you spent to save your hair? How many hair tonics, gadgets, restorers, electrical devices, have you tried in the last few years — with no success? How many times after an unsuccessful hair-growing attempt have you sworn not to spend another cent on another hair treatment?

Yet, you buy the next product that comes on the market with hair-growing claims.

Stand in front of a mirror, take a long hard look at the top of your head. What have you to show for the money you spent on hair restorers? Do you have as much hair as one year ago? Do you see any signs of new hair, or new hair growth? Why the failure?

CAN YOU GROW HAIR?

Doctors who have spent a lifetime studying hair and hair growth have concluded that nothing now known can grow hair on a bald head. So, if you are bald, prepare to spend the rest of your life that way. Accept it philosophically and quit spending hard-earned dollars on hair growers.

If you can't grow hair — what can you do? Can you stop excessive hair loss? Can you save the hair you now have? Please read every word in the rest of this statement carefully. It may mean a big difference to you — the difference between saving your hair and losing it.

Itchy scalp, hair loss, dandruff, very dry or oily scalp, are symptoms of the scalp disease called seborrhea. These scalp symptoms are often warnings of approaching baldness. Not every case of seborrhea results in baldness, but doctors now know that men and women who have this scalp disease usually lose their hair.

Seborrhea is believed caused by three parasitic germ organisms (staphylococcus albus, pityrosporum ovale, microbacillus). These germs first infect the sebaceous glands and later spread to the hair follicles. The hair follicles atrophy, no longer can produce new hairs. The result is "thinning" hair and baldness.

If you are losing your hair due to seborrhea, here is good news. Treat your scalp to Ward's Formula. This amazing scalp medicine quickly controls seborrhea and stops the hair loss it causes.

Doctors and hospitals can obtain professional samples of Ward's Formula on written request.

Male pattern baldness is the cause of the great majority of cases of baldness and excessive hair loss, for which neither the Ward treatment nor any other is effective.

DOUBLE MONEY BACK GUARANTEE

In seconds, Ward's Formula kills these three parasitic germ organisms retarding normal hair growth. This swift germicidal action has been proven in scientific tests by a world-famous testing laboratory (copy of laboratory report sent on request). Ward's removes infectious dandruff, stops scalp itch, brings hair-nourishing blood to the scalp, tends to normalize very dry or oily scalp. In brief Ward's Formula corrects the ugly symptoms of seborrhea, stops the hair loss it causes. Ward's Formula has been tried by more than 350,000 men and women on our famous Double-Your-Money-Back Guarantee. Only 1.9% of these men and women were not helped by Ward's and asked for their double refund. This is truly an amazing performance. Why not join the men and women who have successfully ended their troubles? Treat your scalp with Ward's Formula. *Try it at our risk.* In only 10 days you must see and feel the marked improvement in your scalp and hair. Your dandruff must be gone. Your scalp itch must stop. Your hair must look thicker, more attractive, and alive. Your excessive hair loss must stop. You must be completely satisfied — in only 10 days — with the improved condition of your scalp and hair, or simply return the unused portion for Double Your Money Back. So why delay? Delay may cost your hair.
